Leech Seeks to demonstrate that the study of English poetry is enriched by the insights of modern linguistic analysis, and that linguistic and critical disciplines are not separate but complementary.

A Linguistic Guide to English Poetry (English Language)

A genuine introduction to the linguistics of English that provides a broad overview of the subject that sustains students' interest and avoids excessive detail. It takes a top-down approach to language beginning with the largest unit of linguistic structure, the text, and working its way down through successively smaller structures.

Linguistics is the scientific study of language. It involves the analysis of language form, language meaning, and language in context. Linguists traditionally analyse human language by observing an interplay between sound and meaning. Linguistics also deals with the social, cultural, historical, and political factors that influence language, through which linguistic and language-based context ...
