Firstly, it is 800 pages long with very little action, with large chunks of paragraphs detailing the little moments in life, detailing theorems and laws and art and literature. Large chunks that talk about family, sex, career and the meaning of love- things that may not even need to be in the book.

MagicFormulaInvesting.com is not an investment adviser, brokerage firm, or investment company. "Magic Formula" is a term used to describe the investment strategy explained in The Little Book That Beats the Market. There is nothing "magical" about the formula, and the use of the formula does not guarantee performance or investment success.
