If things are building up in your life, commit to unbuilding the stuff that doesn't matter, so you have time to build up the things that do. 1. Identify the build-up and what's behind it. From books to kitchen utensils, gym clothes, or fancy shoes, we all have our areas of weakness. It could be something you've had for a long time, but can't part with or something new that you've been collecting. Once you recognize the build up, figure out why it's there. What's bugging you? 2.

### **When Things Build Up - Be More with Less**

There are generally certain things that could go wrong on any new home build. Below are 7 of the most common things that can go wrong with new construction homes. 1.

### **Building a New Home - 7 Things That Could Go Wrong**

Make and indoor activity course and use a big vehicle to take through the course as they do their activities. Put together an ice investigation to see if salt or sand makes the ice less slippery for vehicles driving on it. Make a ramp from a cardboard box and test out how the cars and trucks make it down.
