I'm trying to work out the costs/part numbers for a small CallManager Express installation with Unity Express. About 35 users now, maybe 150 or 200 maximum during the life of the equipment. The CM and Unity will be sat inside an ISR in a data center with the users on a 100Mb LES in an office 10 or so miles away.

pilot extension, and begins recording if the call referrer is a valid Cisco Unity Express subscriber. 5. Complete the conference. Press the conference softkey button again. At this point, everything either party says is recorded except the beeps played by Cisco Unity Express.

Cisco Unity Express - Live Record - Cisco Community

Access the Cisco Unity Express CLI. With Unity Express we can get to the Command-Line. What we need to do is use the service-module internal-Service-Module command and we'll specify the slot and the unit and then say session. This command opens up our back-to-back terminal connection across our backplane to that Unity Express Module.
