Finance And The Good Society

Finance and the Good Society is Shiller's most recent work on the state and role of finance in society. Given the economic climate and the time we've now had to reflect, the book is a good addition to literature of late, which has primarily been focused on causes with a sprinkle of literature suggesting solutions.

Finance and the Good Society: Shiller, Robert J ...

Finance and the Good Society was a well thought out and articulate collection of essays from the author. It is a little idealistic, but Schiller's message is that wealth is a function of a functioning financial system that allow us to be productive in an organized coordinated framework.

Finance and the Good Society by Robert J. Shiller

He describes how finance has historically contributed to the good of society through inventions such as insurance, mortgages, savings accounts, and pensions, and argues that we need to envision new ways to rechannel financial creativity to benefit society as a whole.

Finance and the Good Society | Princeton University Press

We need more financial innovation--not less--and finance should play a larger role in helping society achieve its goals. Challenging the public and its leaders to rethink finance and its role in society, Shiller argues that finance should be defined not merely as the manipulation of money or the management of risk but as the stewardship of society's assets.

Finance and the Good Society on JSTOR

" Finance and the Good Society is a provocative call for understanding, then reinventing finance as a force that could create inclusive prosperity. Shiller acknowledges the excesses, inequalities, and unfortunate incentives to sleaziness in the current financial system but says it doesn't have to be that way.

Generally, finance's function is to manage and increase the wealth of investors and savers. Contrast that with historical definitions of the "good society," which strives for the ideals of equity and fairness for all: rich, poor and middle class.

Finance and the Good Society Free Summary by Robert J. Shiller

the achievement of the good society. But it is not so simple. Finance has become ever more associated with capitalism. Since the Industrial Revolution, intellectuals have focused their often heated debates about the good society on issues related to capitalism, including the system of markets, private property, legal rules, and class relations.

Introduction: Finance, Stewardship, and Our Goals

Financial capitalism is an invention, and the process of inventing it is hardly over. The system has to be thoughtfully guided into the future. Most importantly, it has to be further expanded and...

Finance and the Good Society : NPR

"Drawing from history, economic theory, and keen observation of our economy, Robert Shiller brings a fresh perspective to a big issue - the role of finance in our society. He urges us to overcome the popular misperception that all finance is sleazy and to think broadly about how we can harness its power for the benefit of society as a whole."
