There are many similar sites around, but Free-Ebooks.net is our favorite, with new books added every day.

First Man The Life Of

It is nearly impossible to know who the first human on Earth was. However, researchers from the University of Sheffield in the United Kingdom have published research claiming that there was the existence of human life on Earth 9,000 years before Adam.

Who Was the First Person to Live on Earth?

It is as if we are first cousins with the chimps, but second cousins with the gorillas (and third cousins with the orangutans, and so on). If some readers feel shame that we have such relatives, I would say, I feel more proud of being related to the peaceful bonobo chimps, rather than to some people such as Hitler and Pol Pot.
