Poverty remains a predominantly rural problem, with a majority of the world's poor located in rural areas. It is estimated that 76 percent of the developing world's poor live in rural areas, well above the overall population share living in rural areas, which is only 58 percent.

Rural poverty - Wikipedia

Land Reform and Rural Development programmes have been initiated in the rural areas to alleviate poverty, although they have been subject to hot debates in many countries. This is due to the fact that most of these programmes have fallen short of expectations, especially of the intended beneficiaries. This discourse attempts to link Land Reform and rural development to poverty alleviation.

Pranab Bardhan - Wikipedia

Rural Poverty & Well-Being. ERS research in this topic area focuses on the economic, social, spatial, temporal, and demographic factors that affect the poverty status of rural residents. Child Nutrition Programs. ERS conducts research on USDA's child nutrition programs and their role in children's food security, diets, and well-being.

USDA ERS - Rural Poverty at a Glance

· In low-income countries, investing in agriculture has a greater impact on reducing poverty than investing in other sectors, as it offers the most direct route for rural people to benefit from their main assets: land and labour. Investment in small-scale family farming and in the livelihoods of fishers, forest dwellers and herders, is an engine for sustainable poverty reduction.

Rural Poverty Reduction | Policy Support and Governance ...

A broad-based land reform program—including land titling, land redistribution, and fair and enforceable tenancy contracts—is critical for reducing rural poverty. It can make small (marginal) landowners and tenants more efficient producers and raise their standards of living. Basic health care and literacy.

Economic Issues No. 26--Rural Poverty in Developing ...

•Agriculture and rural development is often inequality and poverty reducing, but how much so depends crucially on the nature of the growth process and initial inequalities, esp., land. •Urbanization is an important driver of overall poverty reduction: •Migration, labor absorption and remittances •Trade in common markets (incl. labor)
