Human Rights & International Legal Discourse (HR&ILD)

Provisions on human duties exist in international law, spearheaded by the American Declaration of Human Rights and Duties of Man and the Universal Declaration of Human Rights, both from 1948. In combination with other, more specific, declarations of human duties from the last two decades, these normative instruments stress the importance of individual duties for achieving a just global order.

Human duties and the limits of human rights discourse ...

Reaffirm the Universal Declaration by Emphasizing Natural Law. Restoring human rights discourse and practice also requires that we make the universality of rights credible again. The simplest—because it is the firmest—way to justify universal human rights is to show how the natural law, ...

Law Discourse - For a critical analysis of law/legal aspects

The concept of "rights" in legal discourse has at least two important functions. The first is the substantive function of describing what the right-holder is entitled to and, to be truly helpful, of also identifying the person or persons who are required to respect that entitlement. The second function of the concept of "rights," particularly in human rights litigation, is to suggest ...
