Mapping Your Future

If you want to write a mind map for your essay, you just have to follow the following steps to essay writing. First, you have to write the subject in the center of the page. Next, you have to draw branches, each representing an idea pertaining to the subject matter. You should use relevant keywords to pen down your thoughts onto the branches.

A Guide to Mapping Your Subject in Essay Writing

For example, if your general assignment is to write about the changes in inventions over time, and your specific thesis claims that "the 20th century presented a large number of inventions to advance US society by improving upon the status of 19th-century society," you could brainstorm two different lists to ensure you are covering the ...

Mapping Your Research Ideas - YouTube

Clustering, also called mind mapping or idea mapping, is a strategy that allows you to explore the relationships between ideas. Put the subject in the center of a page. Circle or underline it. As you think of other ideas, write them on the page surrounding the central idea.

Prewriting Strategies | KU Writing Center

Simply put, a thesis tells the reader your topic and your position on that topic.. When you've decided on a topic and explored it with prewriting activities, drafting a working thesis is a very helpful next step. As the name implies, a working thesis is a work in progress-it helps you form initial ideas, but is open to change as you keep working on the project.
