"Charlie Bone The Children Of Now And I Jenny Nimmo" was a good first book in what looks like a promising series. Comparisons with Harry Potter are inevitable but the book should be judged on it's own merit and it's not bad at all. Charlie is a strong character, a good friend to misfit Benjamin, and his struggles with his newly developed powers are very real.

Midnight for Charlie Bone by Jenny Nimmo is a middle grade fantasy that reminded me of the Harry Potter series. Midnight is the first book in a series about ten-year-old Charlie Bone and his friends at Bloor's Academy for the gifted and endowed [having special abilities].

Midnight for Charlie Bone was a great early middle grade novel with elements of magic and mystery. The plot has enough twists to keep a young reader hooked without being too overwhelming and the characters are endearing if a little under developed.
