MUM - MikroTik User Meeting

I'm using Mikrotik RB4011iGS+5HacQ2HnD router. I've just bought a range extender (to extend wireless signal outdoor) - Zyxel WRE6505 v2. I configured the extender - only set up router's wireless access data, easy. Also changed IP address from default 192.168.1.2 to 192.168.88.2 (because the main Mikrotik router uses 192.168.88.1).
